

Table Of Contents

Executive Summary	1
Introduction.....	5
Strategic Petroleum Reserve Project Background	5
Site Descriptions.....	7
Bayou Choctaw.....	7
Big Hill.....	7
Bryan Mound	8
West Hackberry	8
SPR Headquarters (New Orleans).....	8
Stennis Warehouse Facility.....	9
Weeks Island.....	9
St. James Terminal.....	9
Sulphur Mines	10
National Environmental Policy Act Program Overview.....	10
Requirements for Supplement Analysis	12
Characterization Methodology.....	15
Data Collection and Verification.....	15
Data Collection.....	15
<i>Operational and Engineering Modifications</i>	16
<i>Regulatory Review</i>	16
<i>Socioeconomic Variations</i>	17
Data Verification	17
Data Evaluation & Analysis for Significance	18
Data Evaluation.....	18
Analysis for Significance	19
Operational and Engineering Modifications Characterization	22
Site-Specific Modifications.....	22
Bayou Choctaw.....	23
<i>Operational and Engineering Modifications</i>	23
<i>Capacity</i>	23
Big Hill.....	23
<i>Operational and Engineering Modifications</i>	23
<i>Capacity</i>	25
Bryan Mound	28
<i>Operational and Engineering Modifications</i>	28
<i>Capacity</i>	29
West Hackberry.....	33
<i>Operational and Engineering Modifications</i>	33
<i>Capacity</i>	33

Programmatic Modifications.....	34
Active Storage Sites (West Hackberry, Bryan Mound, Big Hill, Bayou Choctaw) ...	34
<i>Operational and Engineering Modifications</i>	34
<i>Capacity</i>	36
Conclusion.....	36
Regulatory Review and Characterization	38
State and Federal Statutes and Regulations	38
Site-Specific Applicability.....	39
Programmatic Applicability.....	40
Executive Orders	41
Site-Specific Applicability.....	41
<i>Executive Order 12898 – Environmental Justice</i>	41
<i>Executive Order 13045 – Protection of Children</i>	42
Programmatic Applicability.....	42
<i>Executive Order 12898 – Environmental Justice</i>	42
<i>Executive Order 13045 – Protection of Children</i>	43
Conclusion.....	43
Socioeconomic Variations Characterization	45
Site-Specific Variations.....	46
Programmatic Variations	47
Conclusion.....	48
Summary, Conclusions, and Recommendations	49

Attachments

- Attachment A, List of Acronyms
- Attachment B, EIS/EA Summary
- Attachment C, References
- Attachment D, Responses: Engineering/Process And Operational Changes By Site
- Attachment E, ICF Deliverable: Regulatory Review
- Attachment F, Applicable Federal and State Statutes and Regulations and Federal Executive Orders
- Attachment G, ICF Deliverable: Population Dynamics
- Attachment H, Supporting Documentation for ICF Environmental Justice Analysis By Site
- Attachment I, Supporting Documentation for ICF Environmental Justice Analysis By Pipeline
- Attachment J, Checklists by Site and Program
- Attachment K, Task Flowcharts
- Attachment L, NEPA-Final Capacity for the Storage of Crude Oil by the Department of Energy
- Attachment M, Environmental Index Methodology as Applied to the SPR Sites

**Attachment N, Environmental Index Methodology as Applied to the SPR
Pipelines**

Attachment O, Socioeconomic Variation Worksheets

**Attachment P, Revised NEPA-Final Capacity for the Storage of Crude Oil by the
Department of Energy**
